

Pacific Northwest Coastal Ecosystems

BI 353 (CRN 73039)

4 CREDITS, TR 8:00 AM - 1:50 PM

A field-based introduction to the diversity of ecosystems of the Pacific Northwest coast. Biological and physical processes affecting the distribution, structure, community composition and physical features of these systems are explored through a variety of lectures and field trips. Ecosystem services and human impacts are examined. Prerequisites apply. Course info subject to change. Visit classes.oregonstate.edu for more information.

Additional fees: FT96 - \$30.00 Flat Fee

Instructor: Sarah Henkel
